

Social Media Policy - Moments of Magic

Moments of Magic submissions are eligible for Goodlife Health Club employees and members only. Members and employees are not permitted to negatively reference or defame Goodlife Health Clubs or its members, clients, suppliers, products, services, people, competitors and/or other business related individuals or organisations when using any form of social media platform, including via accounts managed personally or via Goodlife Operations.

All Moments of Magic submissions will be reviewed via website and Instagram, and Goodlife Health Clubs will choose which entries to re-share on our social platforms. Every 3 months, we will choose a submission to feature as part of the Moments of Magic campaign, and we will create produced video and blog content around the chosen story.

Remain Thoughtful and Polite: You should post meaningful, respectful comments, always think before posting, and adhere to the Company's *Privacy Policy* principles. As a company, our commitment to respectful, civil, and thoughtful discussion is at the forefront of our business. Some online communities can be volatile, tempting users to behave in ways they otherwise would not. It is up to our discretion on what we deem to be appropriate.
